CITY OF WINNIPEG PRE-CONSTRUCTION NOTICE

TO: Businesses
RE: 2021 Keewatin Pavement Renewals Project: Keewatin Street – Logan Avenue to Selkirk Avenue

Please be advised the above project is scheduled to begin in Summer 2021.

Construction start: Late June 2021
Duration: 12 weeks

Keewatin Street will undergo a complete road resurfacing including concrete repairs to the roadway, curb, and sidewalks.

Traffic will be reduced to one lane in each direction in the active construction zone; however, we will be working in small stages to minimize disruptions and the directly impacted area. Access to side streets and private properties as well as pedestrian access throughout the project limits will be maintained throughout construction.

Parking will be minimally impacted as parking on side streets will be maintained (and parking on Keewatin Street from Logan Avenue to Selkirk Avenue is already not permitted under normal conditions). Pedestrian access will be maintained throughout the duration of the project.

Anyone with accessibility needs, moving requirements, planned special events, any underground appurtenances, such as sprinkler systems, lighting cables, etc. within six metres (20 feet) of the street curb line or any other questions are asked to contact Lissa VanDorp from WSP Canada Inc. at (204) 259-1538, during regular working hours or by email at info.wpg@wsp.com.

You will receive another letter approximately one week prior to construction with more information about timing and access.

Updates will also be posted online:
