CITY OF WINNIPEG PRE-CONSTRUCTION NOTICE

TO: Businesses
RE: 2021 Pembina Highway Pavement Renewals Project: Pembina Highway – Rue Des Trappistes to Ducharme Avenue

Please be advised the above project is scheduled to begin in Spring 2021.

Construction start: Late May 2021
Duration: 12 weeks

To address cracking and deterioration, Pembina Highway will undergo a complete road resurfacing including concrete repairs the roadway, curb, and sidewalks on the southbound lane and replacement of the existing asphalt surface on the northbound lane.

Construction will also include enhanced safety measures to counteract pedestrian safety concerns across from the St. Norbert Farmers Market. We will add curb extensions (bump-outs) to help increase driver awareness of pedestrian crossings, as well as reduce the distance of roadway pedestrians are required to cross.

Traffic will be reduced to one lane in each direction in the active construction zone; however, we will be working in small stages to minimize disruptions and the directly impacted area. Access to side streets and private properties as well as pedestrian access throughout the project limits will be maintained throughout construction.

Parking on Pembina Highway from Rue des Trappistes to Ducharme Avenue will not be permitted during construction. Parking on side streets will be maintained.

Anyone with accessibility needs, moving requirements, planned special events, any underground appurtenances, such as sprinkler systems, lighting cables, etc. within six metres (20 feet) of the street curb line or any other questions are asked to contact Lissa VanDorp from WSP Canada Inc. at (204) 259-1538, during regular working hours or by email at info.wpg@wsp.com.

You will receive another letter approximately one week prior to construction with more information about timing and access.

Updates will also be posted online at:
