

May 10, 2018

City File No.: 16-G-03

Attention: Affected Residents

Subject: City of Winnipeg, Saskatchewan Avenue at Sturgeon Creek Culvert Replacement
Road Closure Notification

Bridge work began on Saskatchewan Avenue at Sturgeon Creek in December 2017 which required the closure to through traffic between Cavalier Drive and Hamilton Drive. Road reconstruction, road rehabilitation and land drainage modifications are scheduled to begin as early as May 14. In order to complete this work, Saskatchewan Avenue between Cavalier Drive and Hamilton Drive will be closed to public traffic until fall 2018. This work will be followed by the placement of new asphalt pavement overlay to improve drainage and rideability. It is estimated that construction on Saskatchewan Avenue will take 24 weeks to complete. The roadworks contractor for the project is Bayview Construction Ltd. (204) 254-7761.

A traffic staging plan was developed to help mitigate the impact on residents. Stage 2 of the plan will be implemented this week for the safety of pedestrians and motor vehicle traffic. Signage will be installed to clarify turning movements during this construction.

Implemented traffic control until the project completion of fall 2018 includes:

- Access to Acheson Drive at Saskatchewan Avenue will be closed.
- Access to Hamilton Avenue West Alley at Saskatchewan will be closed.
- Saskatchewan Avenue between Cavalier Drive and Hamilton Drive will be closed.

Emergency services access will be maintained throughout the duration of the project. Garbage and recycling will continue to be picked up at regular times and locations. To keep residents safe please keep away from construction equipment and the work site at all times.

We recognize this project will cause some inconvenience to residents and apologize for the disruption. Should you have any questions concerning the project, please contact the undersigned during regular business hours at 204-990-5097. For other City of Winnipeg inquiries please call 311 or visit www.winnipeg.ca/SaskSturgeonCulvert. Your patience during construction is much appreciated.

Respectfully submitted,
Tetra Tech Canada Inc.
