

NESS AVENUE AT STURGEON CREEK CULVERT REPLACEMENT PUBLIC INFORMATION SESSION

In early 2016, the City of Winnipeg will begin replacing the Ness Avenue at Sturgeon Creek Culvert with a three span bridge.

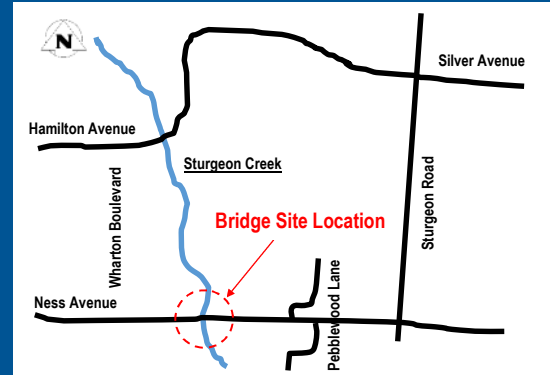

Please join us for a public information session, where engineers and planners will be on hand to answer your questions and listen to your concerns.

Tuesday, January 13th

Heritage Park Temple

825 School Road

Drop in anytime between 6 PM and 8 PM.

At the public open house, you can learn about:

- Traffic in the area
- Potential detours
- Access during construction
- Transit detours
- Project timeline
- Environmental impacts

If you are unable to attend please contact us for more information.
