

WAVERLEY WEST ARTERIAL ROADS PROJECT STATUS UPDATE

We invite you to review the ongoing Waverley West Arterial Roads Project (WWARP). The information below outlines the past, current, and future developments of this project. The primary components of the project include the following:

- 1** Reconfiguration of Kenaston Blvd and Bishop Grandin Blvd intersection.
Completed in 2012 & open to traffic.
- 2** New four lane arterial roadway linking Kenaston Blvd/Bishop Grandin Blvd intersection with PTH 100 (South Perimeter).
All lanes open to traffic to Perimeter Fall 2014.
- 3** New four lane section of Waverley St that will align with the proposed Kenaston extension.
Open to traffic concurrent with opening Kenaston extension Fall 2014.
- 4** Addition of two new lanes & rehabilitation of two existing lanes of Waverley St from Sandusky Dr to Bison Dr.
Completed in 2012 & open to traffic.
- 5** New at-grade intersection at the realigned Waverley St and Kenaston Blvd intersection.
Open to traffic concurrent with opening Kenaston extension Fall 2014.
- 6** Grade-separated structure for southbound Kenaston Blvd to eastbound Bishop Grandin Blvd traffic using a fly-over structure.
Open to traffic Fall 2014. Minor works and landscaping improvements in Spring 2015.
- 7** New at-grade intersection at Kenaston Blvd and PTH 100.
Open to traffic concurrent with opening of Kenaston extension Fall 2014.
- 8** Closing of north access of existing at-grade signalized intersection at Waverley St and PTH 100.
Closed Fall 2014 concurrent with opening of Kenaston & Perimeter Highway intersection .

Status Updated as of May 29, 2014.
