CITY OF WINNIPEG PRE-CONSTRUCTION NOTICE

TO: BUSINESSES / RESIDENTS

RE: 2026 St. Mary's Road Pavement Renewals

We are doing construction on two sections of St. Mary's Road this year:

- Between Seniuk Road and Viking Road (Old St. Mary's Road)
- From Paul Boulevard to Chrypko Drive

Construction start: Summer 2026

Duration: 5 months

We will:

- Remove the existing asphalt and smash up the existing concrete
- Place a layer of new gravel and then place an asphalt pavement overlay
- Regrade the ditches on both side and install new culverts under private approaches
- Restore approaches and boulevards

During construction:

- Traffic on St. Mary's Road will be two-way through most of construction
 - We will close northbound traffic for two months this summer
- We will be paving asphalt at night to reduce construction impacts and speed up the project
- You will continue to be able to access your property
- Garbage and recycling pick-up will continue as-is

Please email scott.suderman@wsp.com if you have:

- Accessibility needs
- Access and delivery requirements
- Planned special events
- Questions about the project

For additional information and updates visit winnipeg.ca/southstmarys2026

We will send another letter with more information approximately two weeks before we start construction.

Sincerely,

WSP Canada Inc.

Scott Suderman P.Eng.
Senior Project Manager, WSP Canada inc.
