

# PUBLIC NOTICE

## INSECTICIDE USE PROGRAM FOR 2023 - REVISION

Public notice is hereby given that the Insect Control Branch of the City of Winnipeg's Public Works Department intends to conduct the following Pesticide Control Program during 2023:

1. To control larval mosquitoes in stagnant water on golf courses within Winnipeg using RPAS (drone) equipment. The projected dates of application will be from June 8 to September 30, 2023. The insecticides to be used include:
  - a. Vectobac® 200G (*Bacillus thuringiensis* var. *israelensis* - Bti)
  - b. Vectobac® 1200L (*Bacillus thuringiensis* var. *israelensis* - Bti)

Any person may, within 15 days after this notice is published, send a written submission to Manitoba Environment and Climate regarding the control program or register with the department their written objection to the use of pesticide next to their property to:

**Manitoba Environment and Climate  
Environmental Approvals Branch**  
Box 35, 14 Fultz Boulevard  
Winnipeg, MB R3Y 0L6

Notice Issued By:

Jim Berezowsky  
Director of Public Works
