Cankercorn Control Program Continues in Areas throughout the City

On Saturday, June 21, 2008, weather permitting; the City of Winnipeg's Insect Control Branch will continue its cankerworm control program in areas throughout the City focusing on heavily foliaged areas that are at risk of significant leaf damage.

Starting at 10:00 p.m. on Saturday, June 21, 2008 crews will continue treatment in Insect Management Area 13 and upon completion will begin treatment in Insect Management Areas 44, 49 and 50. This includes the following neighbourhoods:

Insect Management Areas	Neighborhoods
13	Alpine Place, Elm Park, Lavalee, St. George, Varennes, Worthington
44	Burrows - Keewatin, Inkster Industrial Park, Mynarski, Pacific Industrial, Shaughnessy Park, Weston, Weston Shops
49	Garden City, Leila - McPhillips Triangle, Margaret Park, Templeton - Sinclair
50	Jefferson, Kildonan Park, Seven Oaks

Please refer to the back of the 2008 MTS white pages or visit our website at Winnipeg.ca/bugline for a map of the Insect Management Areas.

Spraying will now occur seven nights per week, from 10:00 p.m. – 6:00 a.m., weather permitting, in order to reach highly affected areas as quickly as possible. Spraying will not occur if there is significant rainfall or winds are greater than 20 km/h.

Treatment will be conducted utilizing BTK, a biological product, which is sprayed from high pressure tree sprayers directly onto the foliage of the trees located in City parks and on City boulevards. This product has been approved for use in Canada by Health Canada's Pest Management Regulatory Agency, and will be used in accordance with federally approved labeled directions by licensed pesticide applicators.

Citizens may register for a 30m buffer zone if they do not wish spraying to be carried out on or adjacent to their property. Citizens may register by contacting the Insect Control Branch in writing at 3 Grey Street, Winnipeg, MB, R2L 1V2, or by fax at 986-4868 or by registering on line at Winnipeg.ca/bugline.

Citizens may register for email notification regarding planned tree spraying by visiting our website at Winnipeg.ca/bugline. They can also register for telephone notification by calling the Insect Control Branch's Bugline at 986-3210 and leaving their name, address and phone number. Once registered, residents will receive automated phone or email notification identifying the area(s) of the City in which the Insect Control Crews are intending to work, weather permitting.

Interested individuals may acquire more information by contacting the City's Bugline at 986-3210, Monday to Friday from 8:30 a.m. to 4:30 p.m., or by visiting the City's Insect Control website at Winnipeg.ca/bugline.
