**Attention: Residents / Businesses**

**Reference: Keewatin Street Bike Path and Sidewalk**

We wish to advise you that construction is scheduled to commence on Keewatin Street from Inkster Boulevard to Burrows Avenue on the week of August 14<sup>th</sup> for the 2017 Pedestrian and Cycling Program for the City of Winnipeg Public Works Department. Construction will take approximately 8 weeks and run until the beginning of October 2017.

Construction will start on the southbound median lane, shifting the alignment of Keewatin Street slightly to the east. During this time, two lanes of southbound traffic will be maintained during the morning peak (7:00AM – 9:00AM) on Keewatin Street, but there will be temporary lane closure in off-peak hours to perform the work, reducing traffic to one southbound lane.

Once the work is completed in the median, the contractor will work on the west curb and in the west boulevard to install a concrete sidewalk and asphalt bike path. The road will still be reduced to one southbound lane in off-peak hours, but two lanes maintained during the morning peak. The west sidewalk will be closed for this duration, but the east sidewalk will remain open for pedestrian access.

Should your approach require work, you will be notified directly by Stantec and we will arrange a time to minimize disruptions of the approach for your benefit.

Emergency access will always be maintained through the construction zone.

We recognize that this project may cause you some inconvenience and disruptions, but is required due to the nature of the work. Should you have questions concerning this notice or anything else related to this project, please contact Brad Cook at Stantec Consulting (number listed below).

Consultant for this project – Stantec Consulting Ltd. (204-489-5900)

Contractor for this project – Darco Enterprises Ltd. (204-233-9760)

Your patience during the work for this project is appreciated.

Regards,

**STANTEC CONSULTING LTD.**
