

WE WANT TO HEAR FROM YOU!

YOU ARE INVITED TO A WORKSHOP ON WALKING AND BIKING TO SCHOOL.

We are reaching out to your school to learn from you about how you walk and bike in the neighbourhood. We are currently seeking input on two projects:

SOUTHEAST CORRIDOR

Connecting the Bishop Grandin Greenway to St. Boniface: The goal of the Southeast Corridor Study and Design, along the area around Des Meurons Street and St. George Road, is to provide pedestrian and cycling infrastructure that allows people of all ages and abilities to walk or bike from the Bishop Grandin Greenway to the St. Boniface neighbourhood.

SEINE RIVER CROSSING

Identifying a New Pedestrian and Cycling Bridge Location: The goal of this study is to identify a preferred location for a new Seine River pedestrian and cycling crossing. An identified site would support the community's vision for a Seine River pathway network and will increase connectivity in the cycling and pedestrian network.

The workshop will include group discussions and a mapping exercise designed to understand how a new pedestrian and cycling corridor and Seine River crossing can best meet the needs of local youth.

WHO SHOULD ATTEND:

Parents and Students, Teachers, Administrators, Parent Advisory Council, and Childcare Workers. Please share this invitation with any of these groups.
