

## WOLSELEY TO DOWNTOWN WALK BIKE PROJECT

The City of Winnipeg is currently undertaking the **Wolseley to Downtown Walk Bike Project** to identify options to improve travel choices, accessibility and connectivity. When completed, the corridor will provide improved connections to the Omand's Creek pathway, the protected bicycle lane on Assiniboine Avenue and Sherbrook Street, the bike lane on Maryland Street, and the planned neighbourhood greenway on Ruby Street.

THE CITY OF WINNIPEG is committed to keeping area residents, land owners, and businesses fully informed at each stage of this important project. For more information, to view project materials, provide input through an online survey and to join our email list please visit
