

Pembina Highway Speed Limit Review

Pembina Highway south of the La Salle River Bridge underwent a speed limit review in 2017. The City of Winnipeg is recommending to increase the existing speed limit from a 60 km/h zone to a 70 km/h zone.

Before a decision is made, the City is gathering input from the public to determine the level of support for a speed limit change.

Date: Thursday, November 30, 2017

Time: 6 p.m. – 8 p.m.

Location:

St. Norbert Community Centre
3450 Pembina Hwy
