

### Seine Riverbank Stabilization at the Branch 1 Aqueduct

The Seine riverbank stabilization portion of work near the corner of Notre Dame Street and Maisonneuve Street is complete. Stabilizing the bank was necessary to keep the Branch 1 Aqueduct safe and ensure a continued supply of water to Winnipeg residents. Revegetation of the site will continue into the summer of 2019. For approximately one week in January, there will be additional construction activities in the area.

### Parking Restrictions

To ensure safety, there may be street parking restrictions on a small portion of Notre Dame Street between Maisonneuve Street and Nadeau Street. Signs will be installed to communicate these restrictions.

The City of Winnipeg realizes that the construction work may be disruptive and we will complete the work as quickly and efficiently as possible. We thank you for your patience.

If you have any concerns regarding this work, please contact Jessica McCombe of the City of Winnipeg, during regular business hours (8:30 a.m. to 4:30 p.m.) by:

- Email at [jmccombe@winnipeg.ca](mailto:jmccombe@winnipeg.ca)
- Phone at 204-986-8663

Outside of regular business hours, please call 311 with any project concerns or questions.
