

Water and Sewer Rate Increases

Effective January 1, 2008

	2007 Rate	2008 Rate
Water Rate (per 100 cubic feet)		
Cubic Feet per Quarter		
0 - 9,600	\$3.15	\$3.45
9,601 - 96,000	\$2.67	\$2.97

The increase will support the cost of our new water treatment plant and replacing aging water mains.

Sewer Rate (per 100 cubic feet)..... \$4.46 **\$5.12**

The Province of Manitoba has tough new requirements to improve the health of Lake Winnipeg. **For this reason, we will be spending more than \$900 million over the next 10 years to upgrade our wastewater treatment system.**

The water and sewer rates are based on the amount of water you use as measured by the water meter.
