# Help us cut through the **red** tape...

On November 23<sup>rd</sup>, 2004 the Mayor created a Red Tape Commission. Its job is to help make City Hall more customer-friendly, reducing unnecessary paperwork and hassle for businesses, charities, government and taxpayers alike. “Red tape” can be a form that doesn’t seem necessary, a by-law that is hard to understand, or a system that doesn’t seem to do what it’s supposed to do. And the best idea to improve our service might just come from you – for Winnipeg’s citizens are also our customers.

Do you have an idea, a concern or a red tape story you’d like the Commission to consider? Please send the Commission a written submission via mail to the following address before January 31<sup>st</sup>, 2005.
