

## History of recycling in Winnipeg

- Private companies provided the service for a fee in the late 80s and early 90s.
- The Province required all municipalities to provide recycling service beginning in the early 90s.
- Winnipeg started with depots around the city (e.g., Pan Am Pool, St. James Civic Centre, Garden City Mall).
- Blue box service started in 1995.
- Apartment collection started in 2001.

# Tonnes of material recycled from depot, blue box and apartment recycling programs

## How recycling is funded

	<b>2006</b>	<b>2007</b>	<b>2008</b>
