Dear Colin Javra:

**Re: North End Water Pollution Control Centre – Environment Act Licence No. 2684 RRR - Upgrade Projects - Quarterly Progress Report Acknowledgement**

Thank you for the July 26 and November 1, 2021 quarterly progress reports regarding the North End Water Pollution Control Centre (NEWPCC) upgrade projects.

Given the project was still in early stages following the May 28, 2021 notice of alteration approval, I have accepted the July 26, 2021 progress report as submitted. The November 1, 2021 quarterly progress report includes some of the details expected following the notice of alteration approval. However, additional details will be needed in order for the department to properly assess the progress of the upgrade projects, including accurate information on start and completion dates of identified activities and milestones.

Please ensure similar improvements are made in terms of providing clarity and adequate details going forward and beginning with the January 2022 quarterly report, reflective of the current project status.

Should you have any questions regarding this letter, or have questions on the details needed in future reports, please contact Bereket Assefa, Senior Environmental Engineer, Environmental Approvals Branch, at [Bereket.Assefa@gov.mb.ca](mailto:Bereket.Assefa@gov.mb.ca) or 204-330-4613.

Sincerely,

Original signed by,

Laura Pyles
