

Sewer separation work begins this summer

This summer we will be separating the sewers in your neighbourhood. This work will help prevent basement flooding in your home. It will also help protect our local waterways by reducing combined sewer overflows. Once completed, impacted roadways will be rebuilt.

This work will begin in late July 2026 and there will be traffic impacts.

To learn more about the work and how it could impact you:

1 Scan the QR code to visit the project page and learn more.

2 Attend our pop-up information event to speak with representatives.

winnipeg.ca/cso-armstrong
