Dear Sir:

**RE: SEPTEMBER 2004 MONITORING REPORT FOR THE WEST END  
WATER POLLUTION CONTROL CENTRE LICENCE NO. 2669**

This letter is further to our discussion of November 3, 2004. As discussed the geometric means for the grab bacteriological samples reported in the Monitoring Report for September 2004 submitted on November 3, 2004 are incorrect. The incorrect values were recorded due to data entry errors. Please find attached a corrected Monitoring Report for September 2004. I will also submit a corrected report in Excel format by email in accordance with the requirements of the Licence.

I apologize for any inconvenience that this error may have caused. Please let me know of any concerns or questions respecting this matter. I may be reached at the above address, by telephone at 986-4807 or by email at [kkjartanson@winnipeg.ca](mailto:kkjartanson@winnipeg.ca).

Thanks for your cooperation and understanding in this matter.

Yours sincerely,
