## You're Invited: Information Session for a local Sewer Project

The City of Winnipeg is hosting an information session about a local Combined Sewer Overflow (CSO) Relief Project occurring in and around Jae Eadie Park on Parkside Drive.

**Date:** Thursday, December 8, 2016  
**Time:** 6:00 - 8:00 pm (drop-in format)  
**Location:** École Assiniboine School, 175 Winston Road

The project begins in January 2017 and will take approximately 19 months to complete. A new sewer outfall and some new land drainage sewers will be installed as part of the project. The new sewers and outfall will help improve the water quality of our local rivers and lakes, and protect your property from basement flooding. This project will also lead to the rejuvenation of a local park that will be briefly impacted by the construction.

A project of this complexity will require some significant construction and may cause some inconvenience for residents. We strongly encourage you to come to the information session to learn more about the project.

If you are not able to attend the information session, you can find information about the project, and share your comments and questions with us through the following ways:

- visit our website at [wwdengage.winnipeg.ca/cso](http://wwdengage.winnipeg.ca/cso)
- email us at [wwdfeedback@winnipeg.ca](mailto:wwdfeedback@winnipeg.ca)
- call 311, open 24 hours every day

Thank you and hope to see you there!
