## Invitation to an Open House on Construction in Toilers Park

A five-month project is underway to install a new concrete gate chamber and outfall to the river's edge that will allow land drainage from the neighbouring area to drain into the Red River.

We invite you to an open house to learn more about our construction work and our landscaping plans for the park this spring.

**Date:** Tuesday, April 8, 2014  
**Time:** 5:30 - 7:30 pm (drop-in format)  
**Location:** Lord Roberts Community Centre, 725 Kylemore Avenue

The landscaping improvements will include:

- new pathways, trees, seating area, interpretative signage around the new gate chamber and outfall, and
- restoration of any park areas that we disturb during construction.

At the open house, we will:

- provide an update on construction work,
- share proposed landscaping plans for the park, including options for new park signage, and
- welcome your feedback.

If you can't attend the open house, you can find information and share your comments with us:
